Additional information/comments

Reminder

Photos of the event are encouraged for documentation and follow up.

All sheets to be returned at end of fishing day to FRSA

All anglers must have valid fishing license

All laws must be adhered to during the day

Note: It is not illegal to angle on the Fraser River

It is prohibited to target Salmon. FRSA supports the data gathering to assist DFO in addressing concerns of interception of species of concern and the extreme low impact on these species. Sockeye interception estimated at zero. Anglers fish only in designated areas

Leader restriction of maximum of 6 inches. Traditional bar fishing only.

No bottom bouncing, No retention of any species.

Fish Handling:

All fish will remain in the water worth extreme care on handling and release. Ensure all fish are fully recovered for release. Note any issues or concerns.

DEDICATED TO SUSTAINABLE FISHERIES FOR THE FUTURE...
